PJM Standardization of Ship Services

Admin -- 29 August 2022

MAKASSAR, August 25, 2022 – PT Pelindo Jasa Maritim, Subholding PT Pelabuhan Indonesia (Persero) or Pelindo Group are increasingly strengthening services by conducting an assessment of all pilots and ship units owned.

President Director of Pelindo Jasa Maritim Subholding (SPJM), Prasetyadi said, for now his party has carried out an assessment for all units in Dumai Port.

“After the Dumai Port in Riau, it will follow the Balikpapan Port in East Kalimantan next month (September). We are targeting that all ports managed by SPJM will be assessed, both for pilots and all units owned, "explained Prasetyadi.
