

Presiden Joko Widodo Resmikan Jalan Tol Cibitung-Cilincing

President Jokowi Inaugurates Cibitung-Cilincing Toll Road

Admin -- 20 September 2022

Jakarta, 20 September 2022 – President Joko Widodo today inaugurated the Cibitung-Cilincing Toll Road (JTCC) which connects the Jakarta Cikampek Toll Road in Cibitung with the Outer Ring Road 1 (JORR-1) in Cilincing.

"The Cibitung-Cilincing Toll Road, which we will soon inaugurate, is part of JORR 2, the second Jakarta Outer Ring Road and we hope that Jakarta Outer Ring Road 2 will be 100 percent complete by the end of 2023," said President Joko Widodo in his remarks.

The President added that the presence of the Cibitung-Cilincing Toll Road is expected to accelerate the mobility of goods, especially goods originating from industrial areas in northern Bekasi and logistics areas in Karawang and Bekasi to ports in northern Jakarta.

"This speed will facilitate the mobility of goods and of course with this speed will strengthen the competitiveness of Indonesian products to be exported," he added.
