

Exploring Business Potential, Pelindo Logistics Solutions Collaborates with Logistics Industry Players

Admin -- 20 December 2022

Jakarta, December 19, 2022 - After the Pelindo merger in October 2021, PT Pelindo Solusi Logistik or SPSL, which is one of Pelindo's Sub Holdings, continues to make efforts to create value creation, one of which is through synergy and collaboration with related business actors.

As an ecosystem integrator, SPSL is committed to collaborating with industry players, from upstream to downstream, so that with the competitive advantages it has as part of the Pelindo Group, and supported by a reliable Information System, SPSL is expected to be able to present the best logistics solutions through end-to-end integrated end services in order to provide comprehensive, effective and efficient services.

"Throughout one year since October 2021, SPSL has collaborated with many partners, both other subsidiaries within the Pelindo group, BUMN, and other companies whose implementation is carried out directly by SPSL as well as through children and grandchildren of companies within the SPSL environment,"

said the Director. Main SPSL, Joko Noerhudha.
