

Optimalkan Layanan, Pelindo Awali Tahun Tuntaskan Inbreng Saham

Optimizing Services, Pelindo Begins Year of Completing Share Inbreng

Admin -- 31 January 2023

Jakarta, 30 January 2023 - Beginning in 2023, PT Pelabuhan Indonesia (Persero) or Pelindo has completed the mandate of the Ministry of BUMN and the Ministry of Finance to continue structuring and consolidating the business by carrying out the process of transferring or investing in the shares of its subsidiary, namely PT Prima Multi Terminal (PMT) to Subholding of PT Pelindo Terminal Container (SPTP). This process was carried out as a continuation of Pelindo's post-merger business transformation in order to create more efficient business services and increase business core competence for container services.

By transferring PMT to SPTP, it is hoped that this will be able to realize service excellence in the logistics chain, commercialize services to increase value creation, and encourage operational performance improvement in order to improve service quality to customers.

"By carrying out the PMT inbreng at SPTP today, all of the subholding companies' inbreng program has been completed, and then enters the business refining process. Thank God, the entire review process related to business refining with milestones up to 2025 has been completed and is ready for further processing," said Deputy Main Director of Pelindo, Hambra in his report.

The signing of the Share Inbreng was carried out by the Main Director of Pelindo Arif Suhartono, Main Director of SPTP M. Adji and Director of PMT Rudi Susanto which was witnessed directly by the Sub-Forward Coordinator of Logistics Services of the Ministry of BUMN Setyo Puji Hartono and Main Commissioner of Pelindo Admiral TNI (Purn.) Prof. Dr. Marsetio, S.I.P., M.M. Also attending this activity was Director of Business Development of PT Waskita Karya (Persero), Tbk Septiawan Andri Purwanto,
