

## **Cibitung – Cilincing Toll Road (JTCC) Section 4 Operates Functionally April 1, Ready to Serve Eid Mudik 2023**

Admin -- 02 April 2023

Jakarta, 1 April 2023 \_ Section 4 of the Cibitung-Cilincing Toll Road (JTCC) will begin operating functionally on 1 April 2023, to support the flow of homecoming and goods ahead of and throughout Eid 2023.

"We thank all parties who have supported the operational operation of JTCC Section 4 functionally on April 1, 2023. The construction of this JTCC is one of the company's efforts to create integrated logistics services, namely through infrastructure development, and JTCC Section 4 is also included in the of a series of new toll roads in Indonesia that operate functionally during the Eid homecoming," said PT Pelindo Solusi Logistik or SPSL President Director, Joko Noerhudha, in Jakarta, Saturday (1/4).

For information, toll road users from the direction of Cibitung, Telaga Asih, Gabus, and Tarumajaya who are going to Cilincing IC can enter through the Marunda Toll Gate (GT) towards the JORR-1 Toll Road, via the Tanjung Priok Access Toll (ATP) section towards Tanjung Priok up to the Inner City Toll Road, then for

users who are going towards Cikunir, Pasar Minggu, to Pondok Indah, can access Ramp 4, while road users who want to exit onto the arterial road can take the far left lane towards GT Semper.

PT Pelindo Logistics Solutions (SPSL) through PT Cibitung Tanjung Priok Port Tollways (PT CTP) will work together with Hutama Karya as the operator of the Tanjung Priok Access Toll Road regarding the operation of GT Marunda and GT Semper so that it will provide convenience for toll road users during operation. functionally to support the flow of logistics vehicles and the smooth flow of homecoming and goods ahead of and throughout Eid 2023.

Road users who will take advantage of the Cibitung - Cilincing Toll Road when the flow is heading towards West Java, Central Java, and so on, can go through the On Ramp from the East Semper artery towards Marunda, and can go directly to the Jakarta - Cikampek Toll Road towards Cibitung around KM 25 (Cibitung IC), via GT Cibitung 2 and can continue the journey to the
