

Integration of Ports and Gresik Special Economic Zone JIPE in Hub Space

Integration of Ports and Gresik Special Economic Zone JIPE in Hub Space

Admin -- 06 October 2023

Hub Space presents various business actors who contribute to the development of mass transportation culture. One of them is the presence of Java Integrated Industrial and Ports Estate (JIPE), as a form of collaboration between ports and integrated industrial estates. Aiming to reduce logistics costs and increase industrial productivity, the JIPE booth presents experiences and direct interactions related to the development of JIPE as a Gresik Special Economic Zone (KEK) which is part of the National Strategic Project as a new economic driver on the island of Java towards Indonesia Emas 2045.
