

Committed to Service, Pelindo Regional 4 Balikpapan Posts Positive Performance in 2024

Admin -- 31 January 2025

BALIKPAPAN, 21 January 2025 PT Pelabuhan Indonesia (Persero) Regional 4 Balikpapan throughout 2024 managed to record positive performance on a consolidated basis marked by a significant increase in four business lines, reflecting Pelindo's commitment to providing optimal services in the port sector.

General Manager of Pelindo Regional 4 Balikpapan, Suhadi Hamid said that last year his party recorded a growth in ship flow of 96,895,366 Gross Tonnage (GT), an increase of 8.5% compared to the previous year.

He also mentioned that in addition to ship flows, three other business lines namely container flows, goods flows, and passenger flows also experienced quite positive growth in 2024.

'As of December 2024, we recorded a 249% increase in container flow or 1,693 TEUs. While the flow of goods increased by 34.2% or to 47,848,621 Ton/M3. Then the passenger flow was 684,594 people, an

increase of around 8.6%,' explained Suhadi.

According to him, the positive performance growth achieved by Pelindo Regional 4 Balikpapan is the result of the hard work of the entire team and is inseparable from the innovation and collaboration that continues to be developed, as well as a form of Pelindo's support for the development of the Archipelago Capital or IKN.

'We are committed to continuing to provide effective, efficient and highly competitive logistics solutions to support economic growth in the region,' said the General Manager of Pelindo Regional 4 Balikpapan.

As one of the strategic infrastructures in Indonesia, Balikpapan Port plays an important role in supporting regional and national economic activities. In an effort to strengthen performance, Pelindo also continues to invest in infrastructure and technology development to increase service capacity.

This achievement is not only a proof of internal success, but also shows Pelindo's significant contribution as part of a State-Owned Enterprise (BUMN) that drives the national logistics sector in driving economic growth and strengthening Indonesia's position as a global maritime logistics centre. Pelindo Regional 4 Balikpapan is committed to maintaining this positive trend through continuous innovation and excellent service.
